Information about REACH regulation

Dear Sir or Madam,

We thank you for your request to comply with Regulation (EC) No. 1907/2006 (REACH).

According to Article 3 of the REACH Regulation, MEDI Kabel GmbH is neither a manufacturer nor importer of substances and preparations nor does it place these on the market.

Our entire product portfolio includes products.

According to Article 7 of REACH Regulation (EC) 1907/2006, no REACH substances are released under normal and intended use.

This follows that the products we place on the market are not products subject to registration within the meaning of the REACH Regulation (EC) 1907/2006. In order to ensure that downstream users are not provided with any REACH substances and / or preparations from our suppliers - which are not registered, we are in contact with our suppliers.

From the results of the supplier information, we can confirm that our products do not use any of the substances in the current REACH SVHC list, as well as the annex for substances subject to authorization above the permitted limit values, with the following exceptions:
